(capo 2nd fret)

D G
Welcome to the real life, this is not a dress rehearsal

Em A
Calling for a new day, longing for a role reversal

Bm C D Em G D Em G
Something's not complete - and we are a missing peace

Bm G Em A
Peace that knows that we are down and broken

Bm G Em A
And heaven shows us that love is everything

Bm G Em A
You know our every need before one word is spoken

C G/B Asus A
Calling us to live what we believe

Welcome to the real life
This is not a dress rehearsal
Calling for a new day
Longing for a role reversal
Something's not complete
And we are a missing peace

(cont.)

Peace that cries out

Proclaiming hope unending
Cause God has called us
To shine the light
Breathing new life
Cause we all need forgiveness
Out of chaos we will come alive

Bm C G

Come alive with song, fill our hearts with compassion

Bm C G

May our streets be at peace once again....

Welcome to the real life
This is not a dress rehearsal
Calling for a new day
Longing for a role reversal
Something's not complete
And we are missing.....
Farewell to the fracture
Goodbye to the institution
This is not who we are
This is now a revolution
Put us back together
You are our missing peace

Na na na na na.....
(chords same as verse)
